

Make Your Own Sneeze-o-meter

Columbia certainly blasts out some huge sneezes. The sneeze he did with the traveller on his back was TREMENDOUS! Turn the meter below into a Sneeze-o-meter by adding words to describe the different intensities of Columbia's sneezes. The lowest level of sneeze should have a word that describes it down the bottom of the meter. The strongest sneeze needs a word to describe it at the top of the meter.
