

Sneeze-o-meter

Columbia certainly blasts out some huge sneezes. The sneeze he did with the traveller on his back was TREMENDOUS! Turn the meter below into a Sneeze-o-meter by cutting out the words and pasting them along the meter. The word you think describes the strongest sneeze should be pasted up the top of the meter. The word that you think describes the weakest sneeze should be pasted down the bottom. The other words belong somewhere between them.

Extreme

Enormous

Gentle

Average
