

Memory

Elephants have excellent memories. Some people even say that an elephant never forgets! In this activity you are going to test your memory.

The cards below are in pairs. Cut the cards up. Shuffle them and spread them out face down on your table. The first player flips two cards. If they are a pair they keep the cards and have another turn. If they are not they flip the cards back over and the next person has their turn. The player with the most pairs at the end is the winner.
