

Favourite Letter

What is your favourite letter? Write it here _____

List as many things as you can think of that start with your favourite letter-

Now try and draw all the things you've listed into a picture. If your favourite letter was B, you could have a barracuda playing basketball in Britain. In the background could be a builder laying some bricks. You could have someone driving a bobcat loading barrels onto a boat. See if you can get everything in your picture to start with your favourite letter.
