

## If This Hat Could Talk

On page 32 Jeff says -

'This hat has travelled, m'boy. If this hat could talk...!'

Jeff is implying that if his hat could talk it would have grand tales of its travels it has shared with him. For this activity you have two choices -

1. Imagine Jeff's hat could talk. Write down the stories and adventures it would tell. Include the details of places they have visited, troubles they may have encountered and sights they've seen.
2. Pick an article of clothing and an explorer who it belonged to. Pretend the article of clothing can talk and record its adventures and stories. Use your imagination. The clothing and adventurer could have travelled anywhere in the world.
