

Famous Entertainers

Sol borrows a book from the library titled *Famous Entertainers*. You are going to create the book. You will need to -

Design a front cover. The front cover will need to display the name of the book and include an eye-catching picture to encourage readers.

Write a blurb. A blurb is a paragraph that appears on the back cover. It sums up what the book is about.

Create an index. The index should tell readers what will be featured on each page.

Write profiles on some famous entertainers. You can make up your own entertainers or research real ones using other books or the internet.
