

Writing Instructions

At the start of the story Tammy doesn't know where to start when she draws a picture. It would be a lot easier if she had someone to help her! Write instructions for Tammy explaining how to draw an animal. Your instructions should be easy to follow. Remember that each instructor should start with a doing word eg -

1. Draw a circle for a body.
2. Rule four lines for legs.

Instructions of how to draw a _____

1. _____
2. _____
3. _____

Now write instructions to help people do something that you are very good at. It may be working on the computer, playing a sport or musical instrument. It could be anything. Remember that everyone is good at different things. The world would be a boring place if we were all the same!
